

## TCM Forklift Part

TCM Forklift Part - Forklift trucks are an important player in the material handling field of each international business. Transporting industrial goods happens each and every day on our hectic planet. Initially innovated as industrial vehicles during the 1930s in America, lift trucks gained recognition after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread internationally.

In nineteen forty nine, established by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply called TCM Corporation. Over the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM started building lift truck manufacturing sites outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes numerous models of industrial trucks with over 50 years of accumulated technology and expertise, making their products used and recognized all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading business.
